

PHPSESSID (session cookie)

- Type: essential cookie
- Life: until the end of the browsing session
- Purpose: This cookie links the web server and browser and temporarily stores information about your session. It saves, for example, information that prevents you from having to fill in a form all over again when you refresh the page or make a mistake.

_gid (Google Analytics tracking cookie)

- Type: analytical cookie
- Life: 24 hours
- Purpose: to distinguish unique users and measure how long they use an internet site.

_ga (Google Analytics tracking cookie)

- Type: analytical cookie
- Life: 2 years
- Purpose: to distinguish unique users and measure how long they use an internet site.

_p_hfp_client_id (elfsight cookie)

- Type: analytical cookie
- Life: 1 day
- Purpose: to prevent browsing hijacking
